About National Park Quarters

In 2010, the United States Mint began issuing 56 quarter-dollar coins featuring designs depicting national parks and other national sites as part of the United States Mint America the Beautiful Quarters® Program. Each coin in the series features a common obverse with the 1932 portrait of George Washington and a one-year-only reverse design. The United States Mint will issue these quarters in the order in which the honored site was first established. The program will continue through 2021, which is scheduled to only honor one location: Tuskegee Army National Historic Site in Alabama.

Mintmark Location

*National Park Quarter
Mintmarks are located on the
obverse, to the right of the
ribbon. Mintmarks include
"P" mint Philadelphia,
"D" mint Denver and "S" mint
San Francisco proof coins.*
